Project Work

MA Baker | HTML5, CSS, Express.js, MongoDB, NodeJS

Jan 2025

- Developed a responsive full-stack bakery website with product listings, user authentication, and shopping cart functionality.
- Integrated an admin panel for managing inventory, processing orders, and handling customer queries in real-time.
- Implemented MongoDB for dynamic data storage, supporting scalable product and order management.

StakingX / HTML5, CSS, Express.js, MongoDB, NodeJS

Jan 2024

- Designed and implemented a decentralized finance staking application enabling users to approve, stake, and withdraw tokens with real-time reward calculations.
- Developed a secure and responsive front-end using **HTML5** and **CSS**, optimized for both desktop and mobile users.
